## This Week's Merits

Each week, teachers nominate children in their class to receive a special merit. This could be in recognition for working hard, achieving something particular, being a good friend, or any number of reasons that show that they are living up to the school motto - 'In everything we do today, we are following Jesus and his way.' There is even a special music merit! The following children have been chosen by their teachers (CM = Class Merit).

Class	Name of children
RG	CM

Year 4 attend Mass at Church 10am

I would like to take this opportunity to express my gratitude to all those who took the time to complete the recent parent survey. Your feedback is invaluable to us as we strive to continuously improve the educational experience for our pupils.

On Monday, our Year 4 pupils attended a service of reconciliation at the church. This was a wonderful opportunity for them to reflect on their actions and learn the importance of forgiveness and understanding. Year 5 will be attending tomorrow and Year 6 on Monday.

I am delighted to share that our children thoroughly enjoyed the sublime science workshops and assemblies. I would like to extend my heartfelt thanks to Mrs. Chambi for organising these engaging sessions. In terms of celebrations, World Book Day was a resounding success. The enthusiasm and creativity displayed by so many of our pupils in their costumes and book-related activities were truly commendable.

I am also proud to announce that our boys' football team performed exceptionally well in their match on Tuesday evening. Further details are provided in a report later in this newsletter.

I would like to apologise for the delay in sending out the parent consultation details. Unfortunately, there was a technical issue with the text messages, which resulted in a shorter time frame for making appointments. We sincerely regret any inconvenience caused and appreciate your understanding.

Parents of Year 4 pupils can look forward to a delightful singing performance by the children on Thursday afternoon. We invite you to join us and witness their musical talents.

Lastly, I would like to wish all those who are Irish or have Irish connections a fantastic St. Patrick's feast day on Sunday. May it be a day filled with joy and celebration.

## Mary, the Undoer of Knots

5CN took part in a very old custom which has been promoted more recently by Pope Francis. Enjoy reading what they have to say about it:

5CN were given ribbons with knots in. They had time in the Rosary Garden and thought about what their knot could represent for them. Perhaps a time when they have done something wrong, told a lie, or not been kind to someone. We talked about how knots or tangles inside can cause us to feel bad and how that if they keep growing and getting more tangled they can seem impossible to untie. However they can always be untied as we can ask Mary to help us trust in God and his Mercy. They then prayed silently their own prayers about the knot and being sorry. They were then invited to untie their knots as they said the Hail Mary. They then waved their untied ribbons in the wind to demonstrate the freedom they could feel after saying sorry and being forgiven.

For those of you who drive your children to school, please:

- **Drive carefully** on the roads surrounding school
- **Park considerately** to our neighbours
- Turn your **engine off**, not leave it running while parked
- Make every effort to walk all or some of the way to school if possible. It's healthy and good for the environment.

## Ten Goal Tuesday

On Tuesday 12 March, St George's boys football team participated in three league matches at Enfield Grammar School. Despite an excellent solo goal from Luca, they lost their first game 3-1 to George Spicer. They won their second game by an astonishing 4-0, with a stunning save from Freddie in goal. In the final game, they won by an amazing 5-0. A stunning volley from Max followed a great pass from Jack. This was a very positive day for St George's and the children thoroughly enjoyed this special moment. Thank you to Mr B for helping us do our best and all the parents who came to watch.

## Catholic Social Teaching

Last Friday, we had the pleasure of hosting Amy and Petra from Asthma and Lung UK for an informative assembly. They provided practical ideas on how we can all set a good example in looking after our environment.

They also spoke to our Green Team and Green Patrol to find out all about the great work that they are doing and also provided us with some great tips. When Amy and Petra asked the children why they decided to join the Green Team and Green Patrol, some of the responses included, *'We want to look after the beautiful world God made for us'* and *'We want to leave the world a better place than we found it for future generations'* - how inspiring!

The assembly on promoting clean air was an eye-opening session, and I encourage you to discuss these ideas with your children at home.

### Caritas Ambassadors

At the 12pm Mass this Sunday at Our Lady of Mount Carmel and St. George, Enfield, some of our Caritas Ambassadors will be speaking at the end of Mass to talk to the congregation about the work that they have been doing. They will also ask parishioners if they would like to donate to our Easter appeal.

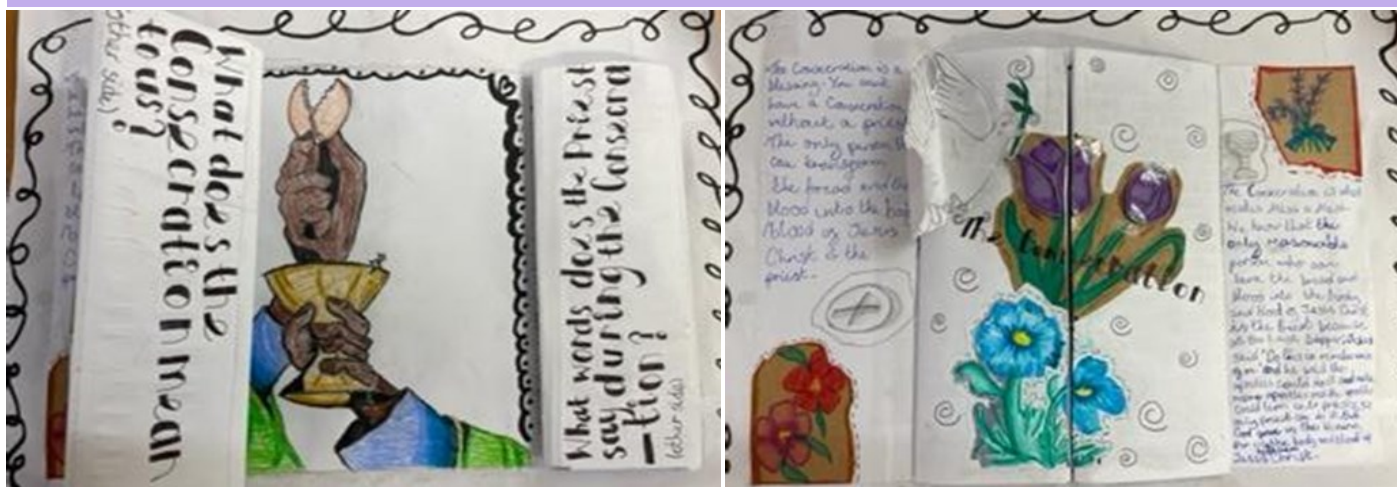

A big thank you for the donations already received from our school community – it is much appreciated and will really help our homeless friends. If you have not already brought in an item and would like to do so, please could you bring in one of the following by **Friday 22nd March**. Thank you.

- Easter Eggs
- Chocolate
- Crisps
- Biscuits
- £5 gift voucher for Greggs/Starbucks/Pret a Manger/Café Nero, Costa Coffee

## Religious Education

Franciska (6M) came to see me earlier this week with her beautiful work on the Consecration. She learnt about the Consecration as part of her work on the Liturgy of the Eucharist earlier this term and decided to work on it a bit more at home. She produced this beautiful and creative information poster which I'm sure will help to inform the other children about this central part of the Mass. It always brings me such joy to hear how the children have continued their love of learning in RE at home. If your child has produced some work at home based on what they have learnt in class, please do encourage them to bring it in to show me. This does not always have to be a written piece of work, it could be art work, research, a poem, prayer, or they may wish to share a time when they have experienced awe and wonder. *Mrs McGivern*

## Football report

*The promised report from last week's football. Well done girls!*

On Tuesday 5th March the girls' football team (Grace, Olivia, Megan, Isla, Caitlin, Franciska, Raphaelle, Megan and Katie) won two matches, beating Worcesters 1-0 and St Andrew's 1-0. I was exhausted by the end but it was worth it. Well done to Caitlin for scoring our two goals. Thank you to Mr B for training and taking us.

## Sublime Science

On Monday, we attended a science workshop and it was amazing! We made sherbet using citric acid, baking soda and icing sugar. We also made slime using glue, borax and food colouring. He brought in a plasma ball and whenever you put your finger on it there would be a bolt of electricity coming from the centre and you would feel it on your finger. Professor Jeremy chose some children to come up and pull a wind-cannon—when it was let go, it shot out wind and smoke. We had to guess what the shape formation of the smoke would be – it turned up to be rings of smoke. It was a very enjoyable and interesting experience. It has inspired us to perhaps go into a career in STEM one day.
