

Digital Apostles

Inspired by our Celebration of the Word focussing on the Catholic Social Teaching principle of **Preferential Option for the Poor** and the reading in the Bible from Proverbs: ***‘Speak up for those who cannot speak for themselves, for the rights of all who are destitute. Speak up and judge fairly; defend the rights of the poor and needy.’*** We reflect on the words of St. Oscar Romero, one of our House Saints, when he said:

“The ones who have a voice must speak for the voiceless.

Each one of you has to be God’s microphone.”

(Saint Oscar Romero)

St. Oscar Romero worked to be a voice for the voiceless. He understood that he could fight injustice through the simple act of sharing knowledge and passing on information. The tool that he used to do this with was the radio.

Blessed Carlo Acutis would use his computer and the internet to help others learn about Jesus.

Your Digital Apostles Mission this half-term is to think of ways in which **you** can be God’s microphone.

Things to think about...

- What would you say to others about Jesus? What Good News would you spread?
- What you could say to be a ‘voice for the voiceless’ – who are the voiceless in our society?
- Speaking up about injustice happening across the world. You could link this to the Church’s teaching on peace and to the lives of those who raise awareness of this.

Please include your answers on our DB Primary ‘Digital Apostles’ page. We will include some of these responses on our school Twitter/X page and in our newsletter!
