Kingswood is a short walk to the beach in a beautiful area of North Norfolk. The rural setting gives children the opportunity to get out into the great outdoors.

What will the children do?

A trip to Kingswood is a life changing adventure. Each year, over 175,000 young people visit Kingswood to experience exciting activities, from archery to caving, and they go home with so much more. They leave with the feeling that they can achieve their goals.
